Turkish Republic of Northern Cyprus Legislative Assembly;

Emphasizing that a peaceful, stable and cooperative environment in Cyprus and in the Eastern Mediterranean region to the benefit of all sides could only be achieved via a just and lasting settlement;

Taking note that despite the constructive initiatives of the Turkish Cypriot side and the United Nations Secretary General's efforts to contribute to the negotiations, the Greek Cypriot side, instead of focusing on the efforts to find a comprehensive settlement, acts against the spirit of negotiations by resorting to different paths and shying away from the intensified negotiations;

Regretting that the Greek Cypriot side, continuing to uphold its uncompromising position that was revealed to the whole world in the 2004 referendum, adopts unilateral and invalid decisions concerning the basic parameters of a solution instead of reaching a just and lasting agreement;

Taking into consideration the Greek Cypriot efforts to gain unilateral advantages by exploiting its European Union membership and resorting to ill intentioned methods vis-a-vis the property issue;

Unanimously;

- 1- Evaluates that decision of the Greek Cypriot House of Representatives taken on 19 February 2010 with regards to the issue of guarantees which hails from the international treaties, as an attempt without a good faith aiming to remove the significance as well as the basis of the negotiations of a comprehensive settlement;**
- 2- Calls on the international actors to see the reality that in spite of Turkish Cypriot side's continuing positive stance, this unacceptable approach of the Greek Cypriot side once again openly demonstrates which side is for a solution in Cyprus;**

- 3- Emphasizes once again that the Turkish Cypriot people is ready for a just and lasting comprehensive agreement by which their legitimate rights and interests are safeguarded;
- 4- Reaffirms as the elected representatives of the Turkish Cypriot people, the determination of the Turkish Cypriot side's to maintain its positive attitude; and supports the efforts of the UN Secretary-General;
- 5- Regards as its historic responsibility to emphasize that Republic of Turkey has, to this day, dedicatedly supported Turkish Cypriot people and provided peace and security on the island, and continuation of Turkey's full and effective guarantee in Cyprus constitutes for the Turkish Cypriot people a vital and basic parameter of a comprehensive settlement to be reached in the Island;
- 6- Emphasizes that the new partnership arrangement to be established by the comprehensive settlement negotiations in Cyprus would only be possible with the participation of all the parties to the 1960 Treaties of Guarantee and Alliance; and this fact could not be changed in any condition or in any circumstances, and that the Turkish Cypriot people will never allow such a change;
- 7- Points out that the latest decision adopted by the Greek Cypriot side on the issue of guarantees, as well as its many other detrimental attempts particularly vis-a-vis the property issue, made by exploiting its EU membership, are against the spirit of the ongoing negotiations; and invites the Greek Cypriot side to respect the Turkish Cypriot side's equal status, to show the necessary flexibility for continuing the negotiations, and to refrain from these kind of actions, falling outside the negotiating table, that will endanger the process;
- 8- Emphasizes once again that in the light of the Greek Cypriot side's negative attitude delaying a comprehensive settlement and hampering the negotiations, the Turkish Cypriot People will not allow the Turkish Cypriot side to remain patient for years to come;
